FIVE SPECIALIST SERVICES. ONE EVIDENCE STANDARD.

01

Kitchen Exhaust System Cleaning

Hood to filters, plenum, duct, riser and fan/blower.

02

Robotic Air Duct Cleaning

Camera inspection, mechanical cleaning, extraction and verification.

03

Commercial Laundry Exhaust Cleaning

Lint removal across the dryer exhaust path.

04

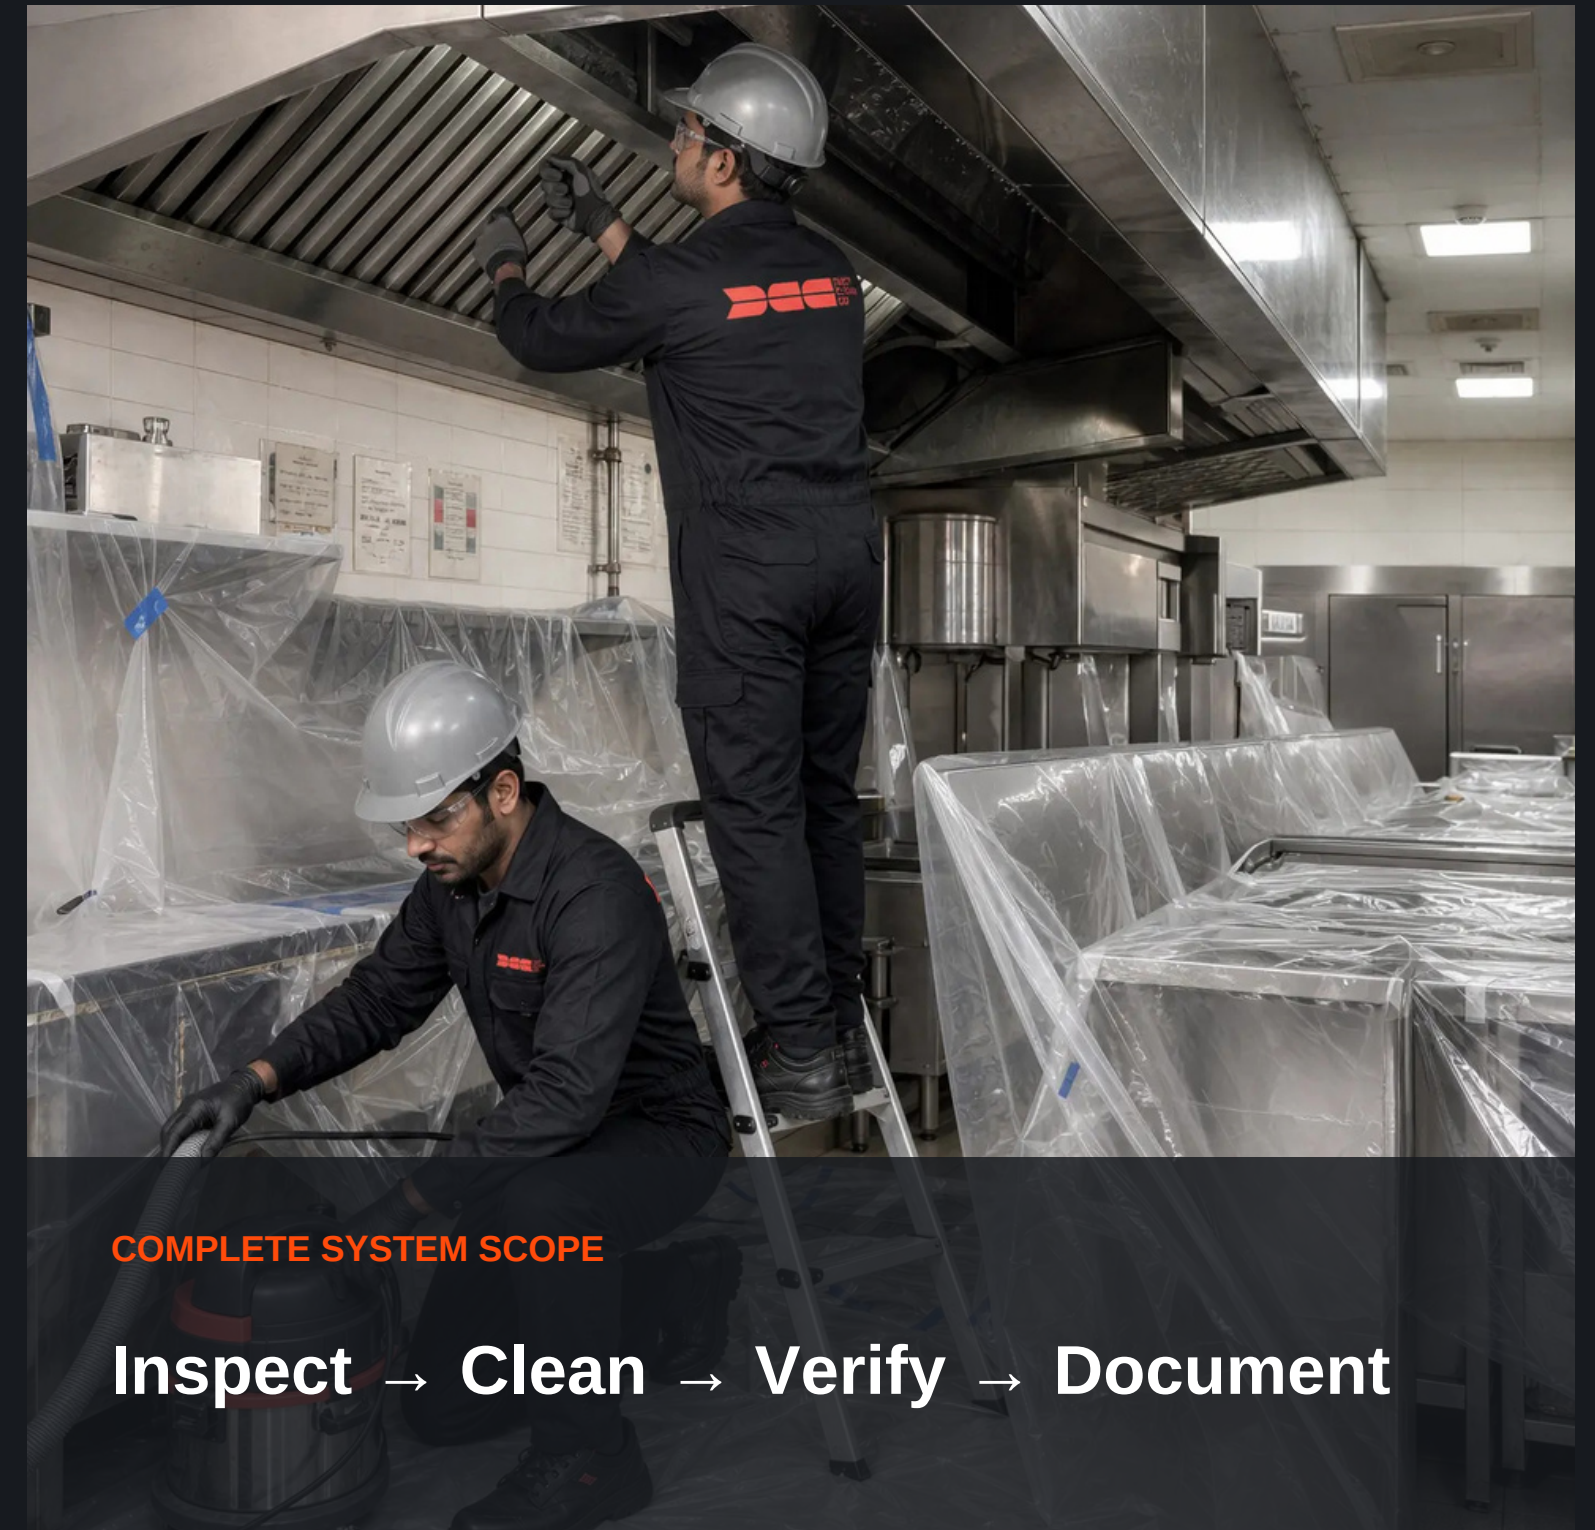

Commercial Drain & Grease Trap Cleaning

Preventive cleaning for flow, hygiene and odour control.

05

Specialised Dry Ice Blasting

Controlled, non-abrasive cleaning for sensitive surfaces.

COMPLETE SYSTEM SCOPE

Inspect → Clean → Verify → Document

BUILD-UP BECOMES RISK.

Contamination can remain invisible until airflow, hygiene, safety or uptime is affected.

INSPECTION MAKES CONDITION MEASURABLE.

KITCHEN EXHAUST SYSTEM GREASE

Build-up can restrict exhaust performance and increase combustible load.

HVAC AIR DUCTS DUST + PARTICULATE

Deposits can affect system cleanliness, air movement and IAQ management.

LAUNDRY EXHAUST SYSTEM LINT

Restriction can extend drying cycles and concentrate combustible material.

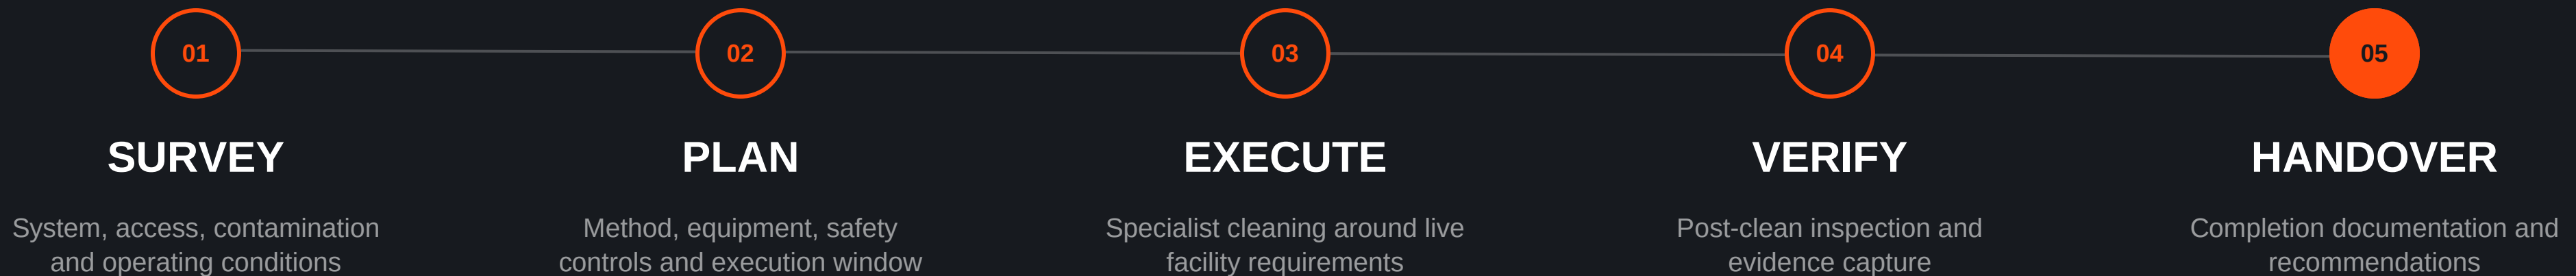

DRAIN AND GREASE TRAP GREASE + ORGANIC LOAD

Accumulation can narrow flow paths and contribute to blockage and odour.

SPECIALIST SURFACES PROCESS CONTAMINATION

Sensitive equipment may need residue-free, controlled cleaning methods.

ONE ACCOUNTABLE PROCESS. ONE COMPLETE EVIDENCE PACK.

WHAT ENGINEERING LEADERS VALUE: PRECISION, RESPONSIVENESS, PROOF.

“DCC handled the appointed scope with precision and professionalism. The team brought strong technical expertise in kitchen and air-duct cleaning and delivered a practical, economical solution tailored to our facility.”

Vijay Dudhatra

Director of Engineering
The Ritz-Carlton Mumbai

“I have worked with DCC for three years. Their team is consistently professional, customer-focused and committed to completing every assignment properly. Their dedication and technical expertise have been impressive.”

Navaneethan R.

Assistant Vice President Technical Service
Greenpark Hotels - India

“DCC completed our kitchen-exhaust cleaning professionally and on schedule. The team was punctual, competitively priced and provided a detailed before-and-after report with the required service documentation.”

Kalpesh Sonagra

Chief Engineer
Marriott MEA, Navi Mumbai

MORE CLIENT VOICES: RESPONSE, QUALITY, PROOF.

“The DCC team responded promptly, arrived prepared and completed the work on schedule. Their knowledge, skill and attention to quality were evident throughout the assignment.”

Mahadev Ghulnawar

Director of Engineering
Hyatt Regency Kolkata

“Professional, punctual and competitively priced. The before-and-after presentation and certification pack gave us a clear, documented record of the completed work.”

Jamiroddin Kazi

Director of Engineering
Pullman & Novotel New Delhi Aerocity

“We first heard about DCC through the engineering community. The team was responsive, easy to coordinate with and professional throughout the engagement.”

Shubham Awasthi

Director of Engineering
JW Marriott Kolkata
